

Green Cell

GC MPPT Solar Inverter

Product card

Model:

INVSOL2

Specification:

Battery voltage:	24V
Usable power (continuous):	3000W
Instantaneous power (impulsive):	6000W
Output Voltage:	230VAC
Maximum charging current:	80A
Maximum PV Voltage (VOC):	100VDC
Maximum PV power :	1250W
Charging voltage:	27.4VDC

PV voltage range for MPPT:

30 - 80VDC

Maximum MPPT output

50A

current:

Pure Sine wave

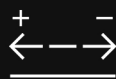

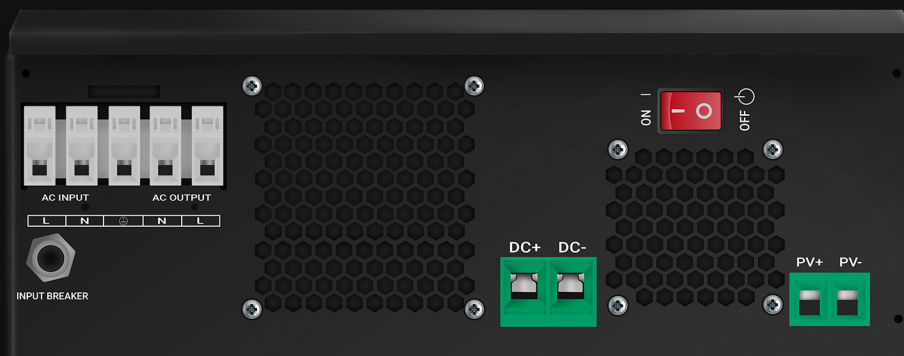

Sine wave type:

Dimensions:

320.5 x 224 x 95.1 mm

Weight:

7.4 kg

Reverse
polarity protection

Solar panel
voltage monitoring

Short circuit
protection

Temperature
monitoring

Over voltage
protection

Over-discharge
and overcharge
protection
