

Green Cell

GC MPPT Solar Inverter

Product card

Model:

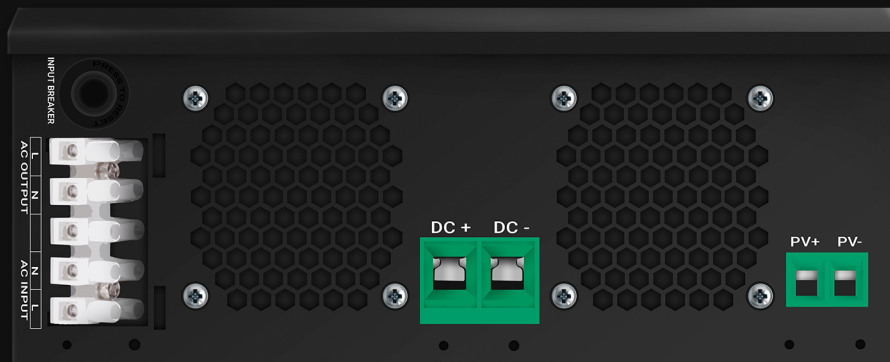

INVSOL1

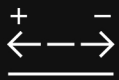

Specification:

Battery voltage:	12V
Usable power (continuous):	1000W
Instantaneous power (impulsive):	2000W
Output Voltage:	230VAC
Maximum charging current:	70A
Maximum PV Voltage (VOC):	60VDC
Maximum PV power :	625W
Charging voltage:	13.7VDC

PV voltage range for MPPT:
Maximum MPPT output
current:
Sine wave type:
Dimensions:
Weight:

15 - 60VDC
60A
Pure Sine wave
272 x 355 x 100 mm
7.4 kg

Reverse
polarity protection

Solar panel
voltage monitoring

Short circuit
protection
